T ALES OF RADIOGRAPHERS...

CRASH!

Wilhelm is rushing for work but oh no what's that on the floor...

Wilhelm crashes to the floor and feels excruciating pain in his lower leg...

RADIOGRAPHERS ASSEMBLE

At the radiology department the radiographers assemble...

OUCH!

I will use my Xray superpowers... Anatomy, physics, patient care.

The radiographers use their knowledge and skills to position Wilhelm for his X-rays

X-RAYS!

ZAP!

A reporting radiographer identifies a fracture on Wilhelm's Xray and writes a report on the image...

Wilhelm's leg is put in plaster. He will have another Xray in 6 weeks to assess healing...
